

Dear NDF member,

Many thanks to all of you who replied to our last email about the future of the O2 Centre on Finchley Road and The Alliance pub on Mill Lane.

We're writing to let you know about some further opportunities to engage with the O2 consultation by its owners Landsec, and to highlight the importance of applying for a postal vote in the May elections here in London.

O2 Centre

Landsec are hosting **two webinars** planned to give residents more information about the plans, being held on **Tuesday 26th January** and **Thursday 28th January**, both at 6.30pm. [Book here](#).

Landsec have also agreed to take part in an online meeting which we hope to combine with our AGM. The meeting about the O2 will probably be held in conjunction with at least one other local organisation. We'll let you know when we have more details. Landsec's [on-line consultation](#) is still open until the end of January.

Postal voting

The Covid pandemic is creating various challenges for this **May's elections for London's Mayor and Assembly**. **Camden Council are sending postal vote applications to every household** so that it is easier and safer for all of us to vote by post rather than go to the polling station. You won't get one of these mailings if you have a postal vote already. Make sure you don't throw the letter away thinking it's junk mail!
