

Newsletter 8 June 2017

Dear NDF member,

You may not be aware that a very large development of upmarket retirement homes is being planned on the old Gondar Gardens reservoir site.

The developers, LifeCare Residences, are holding a community consultation event about the plans to be held at the Emmanuel Church on this Saturday 10th June, 2-5 pm .

If you are interested, please go along and register your views. The NDF will be putting forward its views on how the proposal does not fit with the Neighbourhood Plan and will be supporting local resident associations.

Apologies for the late notification from us. [The LifeCare leaflet is available here.](#)
