

Uploaded 16 December 2013

Preliminary results of the survey undertaken by the Fortune Green and West Hampstead NDF in October to December 2013. The results here are all responses to the open ended questions, (What is missing in West Hampstead? What would you like to change?) split into areas of concern.

The statistical results of the survey are available from the NDF website, Our Documents Page.

question	topic	comments
what missing	amenities	An advice centre/law centre combined with a cafe and other facilities for meeting/volunteering
what missing	amenities	Nothing much lacking but I am concerned that lack of public funds might threaten the local police and fire stations and library.
what missing	amenities	Not lacking anything but worried that library, police station and post offices may be under threat
what missing	amenities	Adult Education Centre like City Lit.
what missing	amenities	Health,
what missing	amenities	A post office
what missing	amenities	A decent health centre
what missing	amenities	Pipe dream/unreasonable request to follow. (I assume in surveys like this you get a lot of these?!) Current GP's awful. My preference would be for them to be replaced by late significantly larger "hub" medical facility in a future development.
what missing	amenities	better use of the library for classes/meetings/community gatherings; better of existing community services
what missing	amenities	I also feel our library facility is pretty poor - in terms of space for study/work and also with it not opening until mid-morning.
what missing	amenities	More surgeries.
what missing	amenities	GP surgeries to cover the growing population. Keep the library, fire station, and police station open in Whampstead. keep PO on Mill Lane open.
what missing	amenities	Free public toilets. Those at west end green are not enough.. More green spaces with benches
what missing	amenities	Modern doctors surgeries
what missing	amenities	A Police Station which is open all day, every day.
what missing	amenities	Please don't close the library!
what missing	amenities	village hall type place, bus shelters
what missing	amenities	A post office
what missing	amenities	Citizen's Advice Bureau, Credit Union
what missing	amenities	More benches - even in Brixton they have nice communal, facing chairs and benches, nicely designed (I can send you pics). They create a friendly vibe, add charm to the area. This would be great on the wide pavement opposite the bus terminal (in front of Peppercorns) and along West End Lane.
what missing	amenities	A decent health centre
what missing	amenities	Pipe dream/unreasonable request to follow. (I assume in surveys like this you get a lot of these?!) Current GP's awful. My preference would be for them to be replaced by late significantly larger "hub" medical facility in a future development.
what change	amenities	seats at bus stops,
what missing	amenities	public toilet,
what missing	amenities	no public toilet,
what missing	amenities	None lacking but keen to retain police station , fire station and library don't think it is lacking community services as there are plenty of libraries, schools, gps, dentists and convenience shops.
what missing	amenities	A lack of good GPs and NHS dentist.
what missing	amenities	with all the extensive building and redevelopment that has taken and is taking place, we feel there should be another medical centre.
what missing	amenities	More GP services, less expensive dentists
what missing	amenities	we need more GP services waiting time to see doctor is too long

what missing	amenities	No Policemen on the beat despite having a police station on doorstep
what missing	amenities	probably everything, certainly more Drs dentists
what missing	amenities	More medical services - sometimes its difficult to get through on the 'phone at West Hampstead Medical centre to make an appointment (and not all can be made on line)
what missing	amenities	A police station.
what missing	amenities	Nothing much lacking but I am concerned that lack of public funds might threaten the local police and fire stations and library.
what missing	amenities	Not lacking anything but worried that library, police station and post offices may be under threat
what change	amenities	More policing
what change	amenities	More local ammenities to meet the needs of all the new building happening (schools, medical centres, parking, play areas etc)
what missing	amenities	We need to keep the services that we currently have.
what missing	amenities	Don't think the Victorian infrastructure can cope with the pressure on services (eg. water pipe issues), this will get worse with further development.
what missing	amenities	Reliable Electricity and water supplies
whats missing	amenities	youth center for teenagers rather than smoking in car paks
what change	community	Our green areas are so scarce and precious in the area. It would be great to use these areas more - for events, for local fairs (not funfairs!) old peoples homes (retiremnet , nursing etc) Small meeting rooms, places for the community
what missing	community	fully serviced community centres (eg Music, sports activities)
what missing	community	Meeting places,
what missing	community	Community groups are quite hidden - no visibility. Library isn't friendly or accommodating.
what missing	community	more community events/services. ok in some parts of WH, but lots of dead spots as well
what missing	community	well funded community centres including youth facilities, public meeting areas, open spaces.
what missing	community	a community center (like the Willesden Sports Center),
what missing	community	Networks, e.g. Clubs and societies for like minded people to connect
what missing	community	enough meeting etc spaces. more gps
what missing	community	There needs to be a community centre that has amenities for young and old alike..the only thing to do in the area is drink coffee/alcohol and eat expensive food,not everyone has the money for this. A community needs central points otherwise it ceases to be a community...
what missing	community	There is very little sense of community or public activities commensurate with pride in the area.
what missing	community	A community centre with lots to do??? always no funding
what change	community	more communal activity.
what change	community	Local volunteer centre?
what missing	community	I dont feel ive got to know all the facilities yet. Im still getting to know about community activities and it feels quite exclusive, and not easy to get involved, volunteer your time.
what missing	community	meeting places for voluntary organisations etc
what missing	community	community/c0-op hosuing; allotments/community growing such as Budgens in crouch end ; Credit union
what missing	community	lack of communities for over 50s, who have paid taxes into central and local governmentstop
what missing	community	More community organised events (such as Hampstead Heath has every so often)
what missing	community	An advice centre/law centre combined with a cafe and other facilities for meeting/volunteering
what missing	community	larger community centre building
what missing	community	Village hall
what missing	community	a vibrant community center that caters for all

what missing	community	Community garden where all ages could come and work a beautiful area better
what missing	community	a fully funded community centre
what missing	community	A good choir/music jam sessions. Would also love for there to be a monthly event similar to this one (called First Thursday http://www.firstthursday.info/) An evening once a month with music and people and shops stay open late and small pop ups can open on the street etc. This would be really good on Mill Lane.
what change	community	Convert the big abandoned camden owned building on west end lane into a lively and live community centre for local residents
what change	community	I am not invited to community event , don't know about them and have lived here over 10 years
what missing	community	
what missing	community	I'd like to restore its previous mixed feel - multi-cultural, older people and families with long-term and deep commitment to the area and their community. There should be a register of landlords and checks that they are complying with all regulatory requirements. Often it's impossible to trace the true owners as they hide behind a company or trust. Individual real shops such as West End Lane books that sell useful stuff. It's easier to get botox now than to buy a mop or decent bread.
what change	community	It has great community feeling and should remain like it, support it and develop it as we have such growth development around.
what change	community	Probably the most important issue for me is to improve the connectivity between West Hampstead "proper" and the 02 Centre and Finchley Road. Ideally this comes before the inevitable (but not undesirable) large scale redevelopment of the Homebase & its surrounds.
what change	Connectivity	
what change	cycle	Improve cycling routes
what missing	cycle	Cycling facilities/dedicated cycle lanes.
what missing	cycle	public bike stand/storage/rack
what missing	cycle	cycle routes,
what missing	cycle	boris bikes
what change	cycle	make it cycle friendly.;
what change	cycle	more room for biking
what change	cycle	Better provision for cyclists
whats missing	cycle	bike paths
whats missing	cycle	boris/Barclays bikes
whats missing	cycle	cycle routes,
whats missing	cycle	boris bikes
what missing	cycle	I've suggested this before and know it seems not to be an option, but it would be great to get a cycle hire station here. I've recently purchased my own bike, so I would no longer need to use it, but I think others still would!
what change	dereliction	more old buildings, like the land beside the railways, put into use - for housing, parks.
what change	devt	New development targetted at wealthy.
what change	devt	Development should be blending in with local architecture (unlike the 'SAGA' development on fortune green) grey engineering bricks! Outrageous£!
what change	devt	stop the dense high development.
what change	devt	we would like to keep the village community atmosphere . We believe W Hampstead has been incorrectly targetted as a designated growth area.
what change	devt	the new developments that block the views and natural light and make this area a hostile windswept, anonymous place. Enough of those.
what change	devt	the view of camden planners who say yes to every new development or house redevelopment. the concentration on money, business and retail expansion

what change	devt	Planning permission - we seem to have so many new developments going up that aren't in keeping with the area - I'm dreading the one on W End Lane.
what change	devt	unsympathetic new developments
what change	devt	Less intense developments.
what change	devt	No large developments - local infrastructure cannot cope
what change	devt	Stop new developments and fight the increasing number of chains on the high street.
what change	devt	It's too late for this. The damage has been done. Too much destruction of what was there and new buildings being crammed into spaces like the back of people's gardens. eg in Gondar Gardens and the imminent destruction of a precious unbuilt upon green field for luxury housing. It had been designated as important for nature.
what change	devt	(3) The designation of West Hampstead as a growth area as will undermine village feel in already over populated area
what change	devt	Reduction in development - the garden centre on Iverson Road is such a great loss. Far too much development - every inch of ground is being developed. Greed has taken over
what change	devt	. Footpaths far too narrow around Overground and tube and in front of post office
what change	devt	It has great community feeling and should remain like it, support it and develop it as we have such growth development around.
what change	devt	I think the over-development of new residential properties (which in large part are not in keeping with the current West Hampstead building style/density) will place too great a strain on current infrastructure, creating further problems in due course (traffic, waste, etc). A very short-termist viewpoint is being adopted it seems.
what change	devt	High buildings in the "interchange area" should be encouraged but this should be at the cost to the developer of providing public parkland/open space.
what change	devt	increasing focus on expensive developments designed to attract investors rather than residents. Better space around the other stations.
what change	devt	I would like to see an end to poorly designed and un-coordinated new developments like those that have gone up in the stations area, in particular, and also in Mill Lane and on Fortune Green Road during the last decade or so. There is no reason why modern designs, which I favour, cannot be integrated into the existing low-rise urban environment, but developments in this area have so far been singularly lacking in flair and imagination.
what change	devt	Limit the amount of development, it;s already like Oxford Street in the mornings!
what change	devt	Stop significant new builds that will put additional strain on services and traffic
what change	devt	Too many new developments that don't match the old style Victorian housing
what change	devt	Higher rise developments (cf West Hampstead Square) - Blackurn student house OK
dislike	devt	It has become a honeypot for unscrupulous buy-to-let landlords some of whom ignore planning restrictions/building regs
dislike	devt	Not against New Development, but it lacks design craft and / or is out of character with the area.
whats missing	devt	Its more that all this intensive development willput existing services under threat and strain
what change	devt	to keep its identity and not have tower blocks coming to the area.
what change	devt	stop further high rise development
what change	devt	The attitude that the intensification HAS to go ahead and ruin West Hampstead! (we become a Lewisham or Croydon or Wembley Park
what change	devt	(3) The designation of West Hampstead as a growth area as will undermine village feel in already over populated area
what change	devt	Reduction in development - the garden centre on Iverson Road is such a great loss. Far too much development - every inch of ground is being developed. Greed has taken over.

what change	devt	High buildings in the "interchange area" should be encouraged but this should be at the cost to the developer of providing public parkland/open space.
what missing	hotel	Hotel or higher end B&B for family/friends visiting
what change	housing	no new housing or shops In an ideal world it would be great to purchase a home but the prices are too high.
what change	housing	housing, more character and personality
what missing	housing	Cheap housing The large student place that will probably drain all the students in rented accom in the houses.
what change	housing	Camden council need to take more care of council owned houses, overgrown trees and gardens
what change	housing	london housing for londoners,
what change	housing	affordable housing for young people the idea that west hampstead is having 2000 new homes is ridiculous .The new west hampstead square development with high rise bland square concrete buildings is a travesty. At least build brick buildings with decoration like 1914.
what change	housing	Don't really object to new housing though personally I don't like the boring architecture employed for these luxury flats, and it's a shame there is not a higher proportion of social housing included.
what change	housing	Less expensive housing.
what change	housing	retirement/sheltered housing;
what missing	housing	More affordable housing. Better control of private levels
what change	housing	More affordable housing for someone who's lived in the suburb for nearly a decade but has always rented. The house prices, renting and buying for a young couple are crazy, we will have to leave the area to be able to afford either soon.
what change	housing	Housing to be more affordable
what change	housing	Price of houses.
what change	housing	More council housing and genuinely affordable homes. Too much house building that only the rich can afford, how does this contribute to community? It doesn't is the answer. We need space to breath not more bricks,mortar and congestion! It would be so lovely if it could be more affordable to live here (I think that may be a pipe dream). I'm one of the many over-educated, under-employed, and my bedsit (which I love dearly) is just on the cusp of being affordable to me. I love West Hampstead and I'd love to stay, but realistically I'm going to get to a point in the not-so-distant future when I want more in life than a bedsit, and I think that's probably going to involve moving elsewhere.
what change	housing	House prices - I will have to leave the area soon if I want to buy somewhere.
what change	housing	Cheaper housing.
what change	housing	Cheaper housing or more included in first buy scheme
what change	housing	I am a big fan but it has changed so much and not all for the better. As a life long Londoner I worry about the effect of house prices on the social make up. Affordable housing for locals who are renting or have been in the area for a certain period of time.
what change	housing	Stop building more flats. The housing density is ridiculously high as it is.
what change	housing	More cheaper starter homes! Some of this is happening, which is my opinion great for the area. Don't really object to new housing though personally I don't like the boring architecture employed for these luxury flats, and it's a shame there is not a higher proportion of social housing included.
what change	housing	Stop building more flats. The housing density is ridiculously high as it is.
what change	housing	I think the over-development of new residential properties (which in large part are not in keeping with the current West Hampstead building style/density) will place too great a strain on current infrastructure, creating further problems in due course (traffic, waste, etc). A very short-termist viewpoint is being

adopted it seems.

what change	jobs	More jobs for local people,
what missing	jobs	workshops-places to exhibit-
what missing	jobs	artist led gallery and cheap artist studios
what missing	leisure	cinema or theatre would be nice.
what missing	leisure	with open air sports/leisure facilities
what missing	leisure	facilities for older children- good play spaces for 5-15 year olds
what missing	leisure	concert hall, cinema
what missing	leisure	A sportcentre (like the "better" centre in swiss cottage) would be a great plus.
what missing	leisure	A sports centre
what missing	leisure	A decent gym?
what missing	leisure	A swimming pool. A good, big gym (like Virgin)
		No playground space for over toddler age. Sumatra Road park had an 'adventure' tower which is dull and unimaginative, but no further investment for over 15+ years.
what missing	leisure	More children/family activities
what missing	leisure	Swimming pool
what missing	leisure	play areas
		A safe, really great playground for kids. The playgrounds at Fortune Green and Lymington Road are a bit dated - they could use some enhancements
		Schools!! Outrageous that I can't have a good local school because I am not Church of England. I'm in a blind spot to get into any of the schools near me - i'm just a bit too far for any of them
what missing	leisure	No affordable local swimming pool;
what missing	leisure	Facilities for older children.
what missing	leisure	Leisure Centre to include affordable sport facilities
what missing	leisure	including sports facilities, leisure centre,
what change	leisure	swimming pool ,
what missing	leisure	More quality restaurants. Cinema
what missing	leisure	no leisure centre
what missing	leisure	no sports centre
what missing	leisure	swimming pool
		on the whole we are very well served but there is lack of stuff for 11- 18 year olds and the over 65s
what missing	leisure	youth/ teenage services provision
what missing	leisure	health club with swimming pool, ,
what missing	leisure	areas for children
what missing	leisure	swimming pool
what missing	leisure	swimming pool
what missing	leisure	Swimming pool
		Hampstead and Swiss Cottage have very good services for children with regular play groups and activities, West Hampstead has only the most basic services. In addition, the children's playground needs to be bigger with better facilities. The area as a whole is well occupied by young professionals and young families..... it would be good if the facilities represented that population better.
what missing	leisure	Leisure facilities including a swimming pool.
what missing	leisure	
whats missing	leisure	Leisure Centre to include affordable sport facilities
whats missing	leisure	including sports facilities, leisure centre,
whats missing	leisure	Leisure facilities including a swimming pool.
what change	leisure	public sports and leisure facilities,

what missing	leisure	I would love it if we got one of those outdoor gym things. I know there is one by Swiss Cottage, and I remember there is one farther west (though can't remember where off the top of my head) but it would be cool to get one in Fortune Green.
what missing	mobility	better disabled facilities; stop steps to door entrances to shops, banks, restaurants; stop mobile phone users. Make it a mobile free area.
what missing	mobility	The lack of disabled access at the Jubilee and over round stations.
what change	mobility	lift access to overground to be installed.
what missing	music	need music, open mic's places, . Vegetarian places to eat
what missing	nightlife	More nightlife
what change	noise	fewer firework displays at night on fortune green - they aren't only held on 5 November -
what change	noise	Noise from building works - seem to be allowed very early for a residential area and on weekends.
what change	OK	nothing major
what missing	OK	I honestly can't think of anything - it seems to have it all
what change	OK	Keep it as it is, i.e. don't over develop it,
what change	OK	Other than above suggestions, not much! It's a fantastic place to live and we have much to be proud of and to enjoy.
what change	OK	Nothing, nothing at all
what change	OK	Nothing
what missing	OK	all good
what missing	OK	Nothing
what missing	OK	nil
what missing	OK	None - it has everything you need!
what missing	OK	I am personally fairly happy with what is available
what missing	OK	I'm not aware of anything that is lacking, but I don't think the existing facilities are advertised enough (e.g. sidings community centre, urban gym on maygrove rd).
what missing	OK	I can't think of anything off the top of my head.
what change	OK	nothing major
what change	OK	there is no where to go for a walk, short of going down to Kilburn Grange Park or upto Hampstead Heath - just somewhere for an evening stroll.
what missing	other	Another medical centre - shortage of doctors
what change	other	The views of some of the anticar brigade. Some are positively vicious - we are not all fit strong and healthy
what change	other	Too many large families leaving.
what change	other	Camden Council.
what change	other	less people, cars and buildings. People making front of houses nicer. No willie bins
what change	other	the new show room for new building on west end lane is horrible.
what change	other	The southern end of West End Lane looks very down market
what change	other	people being precious about west hampstead and calling it a village, people who diss hampstead school, 4x4s,
what change	other	stop supporting immigrant groups, all immigrants to be encouraged to speak English
what change	other	I would like to see a ban on agency signs of "for Let" or "for sale" on West End Lane; this change has made other high streets look much more presentable.
what change	other	I'd like to restore its previous mixed feel - multi-cultural, older people and families with long-term and deep commitment to the area and their community. There should be a register of landlords and checks that they are complying with all regulatory requirements. Often it's impossible to trace the true owners as they hide behind a company or trust.
what change	other	The scrappy rundown commercial buildings beside railways which no longer see huge use and are not suited to a built up residential area like this.
dislike	other	Council Tax is too high for the bands A-f and too cheap for H.
what change	other	It is possibly lacking a good underground parking for cars.
what missing	parking	underground public parking
what missing	parking	

what missing	parking	Parking 1. We really do need more parking to enable shops/restaurants/etc. to flourish and for traffic to move more easily. If this means sacrificing a redevelopment scheme to allow for more parking, that's fine with me.
what missing	parking	Innsufficient parking. W57 P&D v expensive. Parking very expensive. The parking, all roads need to have regulated hours for parking as the roads with the lesser hours are bearing the brunt of visitors to the are which means that the residents can't even park on their own road. Parking - we can only purchase 10 all-day visitors permits per year - need more Change CPZ hours in Fortune Green to tackle parking chaos caused by Gym and impending school.
what change	parking	
what change	parking	number of parking suspensions
what change	parking	underground parking
what change	parking	limit the number of requested parking bay suspensions; Parking - we can only purchase 10 all-day visitors permits per year - need more Change CPZ hours in Fortune Green to tackle parking chaos caused by Gym and impending school.
what change	parking	Not enough open spaces and playgrounds for children, the existing ones are not big enough either.
what missing	parks/green	Green space near the station area of West Hampstead, e.g. include in the redevelopment of the block next to the Thames Link.
what missing	parks/green	More green/open spaces.
what missing	parks/green	More open spaces.
what missing	parks/green	Health, green space, kids space
what missing	parks/green	park, green
what missing	parks/green	green spaces,
what missing	parks/green	need more green space children play arae fro older kids
what missing	parks/green	Green spaces and community facilities for children and families.
what missing	parks/green	There are not enough green spaces
what missing	parks/green	Parks A lovely park and more open spaces - fortune green is nice, but a park in the development area instead of a concrete wasteland would be a lovely addition. Also more schools - nurseries, primaries, and most of all a secondary school which is open to all regardless of religion or income. The catchment areas of current schools are ludicrous (sometimes 100m or less, insane!), and I find the attitude of the councillors really disappointing on this - they claim they have met demand when half of children are educated outside Camden.
what missing	parks/green	green space
what missing	parks/green	More green spaces. .
what missing	parks/green	1. Sufficent number of green spaces and
what change	parks/green	I need parks and green for my child
what change	parks/green	more clean and open space Stop filling all the little green spaces and plots of land that help this congested place breathe.
what change	parks/green	plant more trees
what change	parks/green	Not enough greenery on the high street. not a lot broadly speaking, but lack of green space is a disadvbantage. This shopuld be taken into account when planning permission is given for a new development
what change	parks/green	add trees/flowers Add more green space
what change	parks/green	More green spaces Investment into Kilburn Grange Park, it is the best green space n the area but has such poor facilities for children.
what change	parks/green	More green spaces
what change	parks/green	More green spaces

what change	parcs/green	Develop the area between the 02 Centre and West End Lane as a big green space.
what change	parcs/green	More green spaces.
what change	parcs/green	Green space somewhere?!
		More green space for everyone to enjoy, more old buildings like the land beside the railways put into use - for housing, parks. I'd love to see for example the strip of land off Finchley Road between railways developed into a city park where families and children could go to unwind. Some of this is happening, which is my opinion great for the area.
what change	parcs/green	more green space and public sports and leisure facilities,
what change	parcs/green	More green space and trees!
		Our green areas are so scarce and precious in the area. It would be great to use these areas more - for events, for local fairs (not funfairs!)
what change	parcs/green	More open parks
what change	parcs/green	park, green space
what missing	parcs/green	more open green space,
what change	parcs/green	A lovely park, such as Queen's Park etc.,
what missing	parcs/green	A lovely park and more open spaces - fortune green is nice, but a park in the development area instead of a concrete wasteland would be a lovely addition. Also more schools - nurseries, primaries, and most of all a secondary school which is open to all regardless of religion or income. The catchment areas of current schools are ludicrous (sometimes 100m or less, insane!), and I find the attitude of the councillors really disappointing on this - they claim they have met demand when half of children are educated outside Camden.
whats missing	parcs/green	More green spaces.
whats missing	parcs/green	More open spaces. There is very little sense of community or public activities commensurate with pride in the area.
whats missing	parcs/green	Sufficient number of green spaces
whats missing	parcs/green	green space
whats missing	parcs/green	green space, kids space
		not a lot broadly speaking, but lack of green space is a disadvantage. This should be taken into account when planning permission is given for a new development
what change	parcs/green	more trees and shrubs;
what change	parcs/green	I would like to grow more trees around the pavement
what change	parcs/green	More green space for everyone to enjoy,
what change	parcs/green	more green space
		I'd love to see for example the strip of land off Finchley Road between railways developed into a city park where families and children could go to unwind.
what change	parcs/green	More green space and trees!
what change	parcs/green	More open parks
what change	pedestrians	(2) Pedestrianisation of part of West End Lane
what change	pedestrians	(1) Unified plan for stations so that there is easy interchange between them
		Footpaths far too narrow around Overground and tube and in front of post office
what change	pedestrians	there is no where to go for a walk , short of going down to Kilburn Grange Park or upto Hampstead Heath - just somewhere for an evening stroll.
whats missing	pedestrians	Another medical centre - shortage of doctors
		3. Improving the transfer of passengers between the underground and overground stations at West Hampstead.
what change	pedestrians	(2) Pedestrianisation of part of West End Lane
what change	pedestrians	West Hampstead needs to capitalise on its unique transport location and build a covered transport interchange/mall between all 3 stations.

what change	pedestrians	Improve pedestrian circulation at the stations. My suggestion is to remove all traffic lights and replace them with mini roundabouts at Iverson Rd and Broadhurst Gardens with pedestrian crossing outside the underground
what change	pedestrians	outside the Overground and both roundabouts. The area is defined by railway lines unfortunately. The area would benefit from better pedestrian links across (or underneath) the railway lines West of West End Lane. Equally the heavy traffic is a function of too many pedestrians at street level. Why are there not subways or elevated walkways between the tube station and railway lines? (Apart from the horrendous expense of course!)
what change	pedestrians	Better transport interchange across the three stations removing the need for vast numbers of people to move along narrow pavements
what change	pedestrians	Sometimes it's really crowded here, especially around West Hampstead Stations during peak hours, but I'm aware this issue is difficult to improve.
what change	pedestrians	better street environment
what change	pedestrians	wider pavements, Pavements are too narrow and too crowded especially around the underground and overground stations. Street furniture blocks the pavements further and advertising panels on the pavement take up space needed by pedestrians. Pavements should be widened or a new pedestrian link provided between the two stations.
what change	pedestrians	Removal of a lot of street furniture cluttering pavements.
what change	pedestrians	a wider footpath outside the Alice House & Black Lion - a narrow foot path and a bus stop is not an ideal combination.
what change	pedestrians	more repairs to pavements. Less traffic congestion. More street lighting.
what change	pedestrians	Pedestrianise the area between iverson road and broadhurst gardens - for the transport interchange, a link for the stations (around the new WH Square)
what change	pedestrians	Improved pedestrian links across the railway lines that divide the area
what change	pedestrians	Traffic and wider sidewalks particularly along the interchange. The walking area between the Thameslink and the tube stations is not good enough, too crowded at peak times, no trees, no wide enough in front of the Overground.
what change	pedestrians	Also better pedestrian access between the stations, i.e. narrow paths are dangerous for the number of people using them.
what change	pedestrians	Pedestrianize West End Lane! Link up the stations.
what change	pedestrians	Consider alternative traffic system around the stations e.g. traffic calming @ natural history/science museums
what change	pedestrians	Needs a better station interchange
what change	pedestrians	3. Improving the transfer of passengers between the underground and overground stations at West Hampstead.
what change	pedestrians	(1) Unified plan for stations so that there is easy interchange between them
what change	pedestrians	pedestrianised zones eg West End Lane at certain times, West Hampstead needs to capitalise on its unique transport location and build a covered transport interchange/mall between all 3 stations.
what change	pedestrians	Improve pedestrian circulation at the stations. My suggestion is to remove all traffic lights and replace them with mini roundabouts at Iverson Rd and Broadhurst Gardens with pedestrian crossing outside the underground
what change	pedestrians	outside the Overground and both roundabouts.
what change	pedestrians	more room for walking/biking, It really is a "commuting area" with lots of people using it as an interchange.
whats missing	pedestrians	The pavements become so congested that its impossible for my family to move around at some key times. We also need more of a variety of shops - not just coffee shops and charity shops.
what change	pedestrians	pedestrianised zones eg West End Lane at certain times, ,
what change	rubbish	Fly tipping.
what change	rubbish	Stop flytipping. West hampsetad is a dirty place there rubbish every where which is a pity as it could be nice
what change	rubbish	over the years WH has become a flytippig area, there is rubbish everywhere

what change	rubbish	the area is very dirty . Rubbish is not picked up.
what change	rubbish	West hampstead is a dump , it has never been so dirty
what change	rubbish	get rid of rubbish
what change	rubbish	People to take responsibility for causing litter and rubbish.
what change	rubbish	get rid of dog poo on pavements and the refuse
what change	rubbish	seriously enhance rubbish/recycling, allocation and policing of bins some of
what change	rubbish	wh's streets are a disgrace
what change	rubbish	the place is a pigsty, enough said.
what change	rubbish	cleanliness
what change	rubbish	Cleaner streets!
what change	rubbish	Cleaner streets and
what change	rubbish	Cleaner sidewalks
what change	rubbish	Although a recent issue, Camden need to urgently address the fly tipping
what change	rubbish	problems in the area.
what missing	rubbish	clear guidance in what is required/ expected in terms of rubbish/recycling for
what missing	rubbish	newcomers/private tenants.
what missing	rubbish	Needs better arrangements for rubbish collection. Rubbish on pavements for
what missing	rubbish	collection is unsightly and leaves dirty stains on pavements. .
what missing	rubbish	Rubbish collection is too infrequent.
what missing	rubbish	The area is covered in dog excrement and rubbish which is made worse by
what missing	rubbish	the refuse collectors. Camden seem to do nothing about this. The shops on
what missing	rubbish	WEL do not reflect the community and there are a few units that are
what missing	rubbish	constantly changing hands which isnt good for the area and frankly looks
what missing	rubbish	dodgy. Andys Kebab??!
what missing	rubbish	and the streets/rubbish is not cleared often enough.
what missing	rubbish	having bins where the lids are attached on one side, so all bins in the area
what missing	rubbish	have a lid on at all times as foxes come at night/early mornings and make a
what missing	rubbish	big mess with all the rubbish on a regular level. And/or have more street
what missing	rubbish	cleaning.
what change	rubbish	Rubbish littering the streets from Camden's careless binmen and flytipping.
what change	rubbish	Better pest control (Foxes). Too much rubbish. People in rented flats still udse
what change	rubbish	open bins which are hugely unhygenic, cats and foxes take the rubbish and
what change	rubbish	dump it everywhere. Better mix of shops on west end lane more trees please
what change	rubbish	esp on Inglewood road
what change	rubbish	the people who are so disrepectful to other shoppers, road and footpath
what change	rubbish	users : stop spitting and throwing rubbish on footways from cars
what change	rubbish	clear up the streets/ wheelie bins /house frontages
what change	rubbish	street management- litter, weed control, graffiti, residents leaving bags on
what change	rubbish	pavements which are open to fox attack,overall care for our shared
what change	rubbish	environment. Blackburn road is one example of all the above.
what change	rubbish	cleaner streets
what change	rubbish	I wish dog owners were compelled to clean after their dogs
what change	rubbish	A stop to fly tipping, and littering. Stop people from leaving their rubbish on the
what change	rubbish	pavement outside their home all week. They should be in bins, to stop rubbish
what change	rubbish	from broken bags scattering the streets. And generally we need cleaner
what change	rubbish	streets. The current street/pavement cleaners do a mediocre job. If I had
what change	rubbish	known Camden had such a rubbish problem I would have thought twice about
what change	rubbish	buying a flat in West Hsmptestad. I've lived in Lambeth, Islington and Fulham
what change	rubbish	and have never had these rubbish and litter problems
what change	rubbish	Improve rubbish collection/ compliance as many restaurants and shops leave
what change	rubbish	their rubbish out on street making it very drab
what change	rubbish	Fly tipping!
what change	rubbish	To give parking wardens the power to issue on -the-spot fines to people
what change	rubbish	caught fly tipping, allowing their dog to foul an area. If they can do this for
what change	rubbish	parking, they should be able to do it for other law breaking offences. The
what change	rubbish	money raised could then be spent on tidying up worn-down areas.
what change	rubbish	Fines for repetitive rubbish left on pavement by renters who will not invest in
what change	rubbish	rubbish bins.

		Camden council need to up their game in terms of dealing with waste and fly tipping in the area which is getting totally out of hand, broken glass and feces on the streets is a risk to kids and the general public and some roads look like slums.Its a disgrace.
what change	rubbish	It would cost nothing for us to be better neighbours to each other - as would likely be the case if we actually did live in a real village. So, a little more civility and a lot less litter/tipping/nuisance activities, please!
what change	rubbish	Better rubbish collection from streets. This could probably easily be solved by forcing recycling in wheelie bins and also using wheelie bins for real rubbish as well b
what change	rubbish	Constant rubbish and fly tipping Foxes--the shrill screaming all night is unbearable
what change	rubbish	An attack on litter - bins being emptied more frequently, take aways being responsible for the footpath immediately outside their units. The council to get tougher on landlords who do not look after their property and gardens.
what change	rubbish	Amount of rubbish, particularly bin bags on West End Lane. Clamp down on owners that don't clean up after their dogs and/or provide bins/bags to encourage best practice.
what change	rubbish	More rubbish bins.
what change	rubbish	Less Flytipping
what change	rubbish	Stop dog fouling and littering in Fortune green park and West end Green Park to make areas safer for children to play. . improve parking especially in fortune green as shortage due to people using the 24h gym
what change	rubbish	. Drunks & unsightly rubbish on Blackburn Road.
what change	rubbish	Better rubbish and recycling facilities - fly tipping is a massive issue
what change	rubbish	stop dog owners fouling the streets and
what missing	rubbish	More Bins??
dislike	rubbish	rubbish in the streets
dislike	rubbish	Pollution. Vast amount of garbage dumped on Blackburn Road
dislike	rubbish	Dog owners who don't clean up their dogs poo.
whats		
missing	rubbish	cleanliness
what change	rubbish	cleaner streets;
what change	rubbish	stop the invasion of rubbish please
what change	rubbish	wherever you look West Hampstead is filthy. It's a disgrace
what change	rubbish	Stop dog fouling and littering in Fortune green park and West end Green Park to make areas safer for children to play. Too many estate agents and charity shops which are of little use to local residents. improve parking especially in fortune green as shortage due to people using the 24h gym
what change	rubbish	unsightly rubbish on Blackburn Road
what change	rubbish	Better rubbish and recycling facilities - fly tipping is a massive issue
what change	rubbish	stop dog owners fouling the streets
what change	rubbish	Cleaner sidewalks
what change	safety/crime	Less burglary
what missing	safety/crime	there appear more thefts and breakins in the last few years Home and personal safety are high on my personal agenda
what missing	safety/crime	Greater focus on safety and more visible policing. It is not nice at night walking by yourself though the many streets, especially if you are a lady
what missing	safety/crime	Safety around the stations - better lighting, wider walkways.
what change	safety/crime	Reduce crime rate
what change	safety/crime	Less burglary
dislike	safety/crime	Crime rates
whats		
missing	safety/crime	Safety around the stations - better lighting, wider walkways.
what change	school	secondary school
what missing	school	WH needs its own secondary school. No high schools local, (we have 2 kids0
what missing	school	Schools.
what missing	school	lack of good secondary schools and colleges

what missing	school	good schools
what missing	school	More schools
what missing	school	there is a shortage of secondary school options. And primary school options for many as well.
what missing	school	Primary school,
what missing	school	Think we'll also need a new secondary school in the area too.
what missing	school	Adequate places at good primary and secondary schools - in Fortune Green, there are too many children which don't get any of their choices.
what missing	school	secondary school
what missing	school	Needs more state-funded non-religious secondary school places.
what missing	school	A good secondary school. A good primary school that is not bottom of the ranking or only for anglicans. A good fresh food shop.
what missing	school	Adult Education Centre like City Lit.
what missing	school	Schools - primary and secondary.
what change	school	more schools,
what change	school	more schools,
what change	school	secondary school
what missing	school	secondary school
what missing	school	More secondary schools
what missing	school	insufficient schools
whats missing	school	Needs more state-funded non-religious secondary school places.
whats missing	school	A good secondary school. A good primary school that is not bottom of the ranking or only for anglicans. A good fresh food shop.
whats missing	school	Schools - primary and secondary.
whats missing	school	secondary school
dislike	shops etc	shops (tesco, sainsbury, starbucksstores
dislike	shops etc	Independent shops being priced out of high street
dislike	shops etc	Lack of diversity/independent shops and too many charity shops
dislike	shops etc	and the mix of shops (hard for planners to affect I concede
whats missing	shops etc	small shops
whats missing	shops etc	need greater variety of shops greengrocers butcher etc
whats missing	shops etc	different types of shops - delicatessen, banks, small traders.
whats missing	shops etc	A true variety of independent local shops.
whats missing	shops etc	Quality independent shops, as opposed to low-quality chains (restaurants, supermarkets etc.)
what change	shops etc	we could have more ordinary shops and not expensive ones
what change	shops etc	fewer charity shops
what change	shops etc	Less restaurants and estate agents and more independent small retail businesses on West End Lane
what change	shops etc	4. Encourage return of local independent shops and traders and discourage the main high streets (e.g. West End Lane) being populated by bland ubiquitous chains such as Starbucks, Costa, Tesco and Sainsbury's,
what change	shops etc	(too many) hairdressers/barbers.
what change	shops etc	More independent shops and fewer charity shops
what change	shops etc	Less bad quality restaurants and coffee shops. Less charity shops. Less hairdressers. Less rental agents.
what change	shops etc	Less takeaways, less charity shops.

what change	shops etc	Also important is to attempt to enhance West Hampstead's position as a retail and social destination. To do this the creation of large A1/A3 units and the amalgamation of smaller units should be permitted as a matter of course to allow multiples to move in whilst change of use to A2 (Estate Agents & Betting Shops in the main) should be strongly opposed.
what missing	shops etc	and also local pubs - especially at Fortune Green where my understanding is that one was intended to be opened in the Sagar building, which has sadly had two units unoccupied since I moved here 16 months ago
what missing	shops etc	Some decent Gastropubs; and some nice open spaces to just sit and relax.
what missing	shops etc	West Hampstead has no decent pubs! Or Chinese sit down restaurants
what change	shops etc	Vegetarian places to eat
what missing	shops etc	Lack of affordable eating places. More cheap junk food shops, chicken likin
what missing	shops etc	more banking facilities
what missing	shops etc	A 99p shop for fun and cheapness. A high school
what missing	shops etc	Also to bring back our garden centre.
what missing	shops etc	More diversity shops/people
what missing	shops etc	chain clothes shops
what missing	shops etc	specialist shops, eg electrical dealers, hardware. Most new shops on West End lane are cafes or restaurants.
what missing	shops etc	big Sainsbury's shop
what missing	shops etc	A basic office store like Ryman's Shipping/faxing store like Mail boxes etc.
what missing	shops etc	Chicken shop...
what missing	shops etc	Local butcher, delicatessen, fishmonger, child friendly eating establishments
what missing	shops etc	A proper supermarket, a butcher, a pharmacy open on Sunday.
what missing	shops etc	Good shops - too many charity shops, haridressers and estate agents Trendy restaurants - too many pizza places
what missing	shops etc	Could use more independent shops - like clothing.
what missing	shops etc	Range of local shops,OK in some parts of WH, but lots of dead spots as well I would really love there to be a Boots or the like nearer to us. I hate to support big businesses, but the local pharmacies just don't have the selection of certain skin care products, hair products, etc. I think it would be great to have more places like Lena's - independent restaurants that have ready-to-eat food. With so many estate agents working around here, I think that would be a good food option for them, but it's also really nice to be able to pick something up quickly when you don't feel like cooking without having to order it ahead or anything.
what missing	shops etc	Low rent shops
what missing	shops etc	Despite the reasonable diversity of shops and services, I feel we are lacking in some areas, including butchers .
what missing	shops etc	Clothing Stores
what missing	shops etc	It would be great if instead of getting another high-street chain or mini supermarket, we could get a butcher/delicatessen and fishmonger shops. People are spending more to shop at the Saturday market so taht demonstrates that tere is demand for good quality food
what missing	shops etc	good independent greengrocer, fishmonger and butcher. The busy farmers' market makes up for this, though.
what missing	shops etc	nice coffee shop, facilities for families
what missing	shops etc	A fish and chip shop (Nautilus is a little too far!)
what missing	shops etc	A butcher!
what missing	shops etc	Clothes shops
what missing	shops etc	Proper local shops - almost all have closed over last few years as chains have moved in
what missing	shops etc	useful small shops
what missing	shops etc	2. Quality independent shops, as opposed to low-quality chains (restaurants, supermarkets etc.)
what missing	shops etc	different types of shops - delicatessen, banks, small traders.
what missing	shops etc	A true variety of independent local shops.
what change	shops etc	shops(food astores),

what change	shops etc	more shops
what change	shops etc	shops good like Leader, M&S
what change	shops etc	More quality everyday shops. Why do we need 4 hair salons on one street
what change	shops etc	No more food shops or cafes
what change	shops etc	Stop supermarkets coming in here
what change	shops etc	Too many estate agents
		to have fewer restaurants, cafes and estate agents on West end lane and more small retail businesses. Disappearanc of the last hardware shops
what change	shops etc	some years ago, for example, was a serious blow
what change	shops etc	more clothing shops, arts and craft shops and less charity shops
what change	shops etc	More small, independent and useful shops (too many restaurants, supermarkets, take aways and charity shops)
what missing	shops etc	could do with a butcher too
what missing	shops etc	good food shops, a bakers(not inc tesco and sainsbury) butcher fish shop
		facilities for artists - clothes shops decent staioners
what missing	shops etc	enough individual shops . There are too many multis's like supermarkets
		causing ttraffic jams with deliveries and big lorries blocking roads
what missing	shops etc	West end lane is suffereing hugely from a lack of retail facilities. We need to
what missing	shops etc	attract more reatilers. Hairdresers and charity shops are fine but you can't
what missing	shops etc	build a village high street like that.
what missing	shops etc	Butcher and deli, less charity shops, more restaurant (non chain)
		I am not sure it falls under the category of services but the community could
		be focused around practical local shops - Butchers, Green Grocers, Wet Fish
		Shop etc, instead of endless Cafes, Charity Shops and Express
what missing	shops etc	Supermarkets.
		We also need more of a variety of shops - not just coffee shops and charity
what missing	shops etc	shops.
what change	shops etc	fewer cafes, more haberdashery and clothes shops.
what change	shops etc	Diversity in the shops
what change	shops etc	less estate agents
what change	shops etc	too many charity shops. Too many hairdressers.
what change	shops etc	minimise shops by(in?) residents area.
what change	shops etc	Too many charity shops, let's favor the coming of high street fashion shops;
what change	shops etc	we also need more sophisticated food stores, butchers and fishmongers.
what change	shops etc	close at least 4,000 of the 178,000 hairdressers
what change	shops etc	Would love for there to be incentives for really really unique and interesting
		food/beverage choices or shops.
what change	shops etc	More useful shops - eg butcher, delis etc not just hairdressers and estate
what change	shops etc	agents.
what change	shops etc	More independent boutique retail space eg. Coco bijoux and development of
		'Mario's block' and a plaque on former Decca records site.
what change	shops etc	Reduce the amount of pointless shops i.e. Hairdressers, estate agents lack of
what change	shops etc	good local school places for both primary and secondary
what change	shops etc	More shops!
		More control over what types of shops open on West End Lane. There are far
		too many hairdressers, dry cleaners, charity shops and estate agents. We
		should have a more diverse range of shops and restaurants so that people do
what change	shops etc	not feel they need to leave the area.
what change	shops etc	More shops, less hairdressers.
what change	shops etc	More independent stores/restaurants rather than chains and supermarkets.
		Reduce the number of fast food shops and hairdressers Increase the number
what change	shops etc	of food and drink establishments
		Think we have one too many charity shops and hairdressers! It would be
what change	shops etc	good to improve the shops.
what change	shops etc	And finally... meaningful fines for dog fouling!
		Although I feel there are enough shops I wish there was more variety - less
		Tesco and Charity shops - and now hairdressers, and one or two men and
what change	shops etc	womens clothes shops, hardware stores, shoe shop, etc

what change	shops etc	Lose some of the low-rent chains/shops around the tube station
what change	shops etc	We should be pro-active about inviting the type of shops that would add to the area ie. invite certain businesses to consider the empty commercial premises There seems to be no planning on the high street. We have more hairdressers and real estate agents than are necessary and there are too many national chains opening. Surely, we want businesses to open that can be sustained. Allowing such duplication will just result in significant turn over. With regard to the national chains, I find it ironic that there are signs on the lamp posts saying "Love your local high street". There is not a great deal about West End Lane that is local any more. Disgraceful as far as I am concerned that we have two Tesco's, One Sainsburys and now there will be a Waitrose.
what change	shops etc	I would like to see the big supermarkets exit theirsmall shops on West End Lane and give the small, individual shops a chance. They are a menace to traffic when deliveries are taking place. I would also like to see fewer "chain" coffee shops on West End Lane, what has happened to the small, independent cafés. We are gradually losing all our small, unique shops and getting a replica of the High Street. Shame.
what change	shops etc	Too many kebab shops/transient businesses with little interest in the area.
what change	shops etc	Less upmarket boring shops
what change	shops etc	Later bar licenses on Saturday night
what change	shops etc	more shops variety.
what change	shops etc	More shops
what change	shops etc	Better quality shops.
what change	shops etc	No more charity shops
what change	shops etc	WEL needs a revamp, some of the shops are diabolical. New businesses need to be encouraged to come in and raise the quality of what is on offer in the area which at the moment isnt far from what you'd find on a parade in Woking from the 90s.
what change	shops etc	I like that West Hampstead has developed a cafe culture but its crazy that so many businesses open and then fold so quickly in the area - surely someone could point out to prospective pizza restaurant owners that we already have lots of pizza places, and hair dressing salons, and estate agents, and charity shops thanks very much. More local ammenities to meet the needs of all the new building happening (schools, medical centres, parking, play areas etc)
what change	shops etc	I would like to see investment put into Mill Lane (especially the end near the railway bridge which has become run down) as West Hampstead should not just be about West End Lane.
what change	shops etc	Less charity shops, more boutiques
what change	shops etc	Also less chain shops/restaurants/coffee shops and more local versions of the aforementioned.
what change	shops etc	Bring back practical local shops - Butchers, Green Grocers, Wet Fish Shop etc, instead of endless Cafes, Charity Shops and Express Supermarkets. WH has a bookshop and a bike shop, a fire station and sort of police station and a decent library. Too many estate agents and charity shops. I could bemoan no fresh fish/meat but those days have gone and would I really use them? I reckon that whilst not perfect WH is not a bad balance.
what change	shops etc	the main street
what change	shops etc	No more hairdressers/barbers!! Seems little to no point in having a high street of only estate agents, dry cleaners and hairdressers! Too much of something is never a good thing.
what change	shops etc	Encouraging more businesses to occupy empty units e.g. pop up shops on short term leases, discounted rates for independents.
what change	shops etc	Fewer cafes/ estate agents, more 'real' shops (e.g. fruit and veg - as before)
what change	shops etc	Less estate agents, charity shops Etc and more functional shops such as butchers, delicatessen, shoe shops etc

		Upgrading the stretch of Finchley Road from West End Lane to the European Business School. There are loads of shut down businesses. It looks really run-down and there are so many amenities that would be appreciated (a grocery store!) if they could be added on this stretch Better security - too many burglaries Crosswalk in front of the Fortune Green Nursery - really dangerous for all of us bringing our kids there. Also better signs/lights at corner of Finchley Road and Lymington
what change	shops etc	It seems hard to keep shops viable - I assume due to rents. As a result, lots of empty shops/high turnover and we're ending up with very 'samey' shops. If there is anything to be done about this it would be good.
what change	shops etc	Different mix of shops - more every day useful ones, fewer estate agents.
what change	shops etc	More variety of shops (too many estate agents, hairdressers and kebab shops), and smarten up the shop fronts very tatty around the tube), In my view, the quality (and lack of diversity) of shops is very poor compared with comparable residential areas in London eg, Crouch End and Muswell Hill. West Hampstead (West End Lane in particular) seems to be littered with a combination of charity shops (6 within 15 storefronts along West End Lane), beauty shop / hairdressers (is West Hampstead the capital of London in this regard?) and estate agents.
what change	shops etc	We would like to see further development to improve and enhance the current supply of restaurants and shops and to generally smarten up the area.
what change	shops etc	Less restaurants and estate agents and more independent small retail businesses on West End Lane
what change	shops etc	Individual real shops such as West End Lane books that sell useful stuff. It's easier to get botox now than to buy a mop or decent bread.
what change	shops etc	4. Encourage return of local independent shops and traders and discourage the main high streets (e.g. West End Lane) being populated by bland ubiquitous chains such as Starbucks, Costa, Tesco and Sainsbury's, and also limiting the number of hairdressers/barbers.
what change	shops etc	Too many estate agents and charity shops which are of little use to local residents
what change	shops etc	More independent shops and fewer charity shops
what change	shops etc	. Less bad quality restaurants and coffee shops. Less charity shops. Less hairdressers. Less rental agents.
what change	shops etc	Less takeaways, less charity shops.
what change	shops etc	Also important is to attempt to enhance West Hampstead's position as a retail and social destination. To do this the creation of large A1/A3 units and the amalgamation of smaller units should be permitted as a matter of course to allow multiples to move in whilst change of use to A2 (Estate Agents & Betting Shops in the main) should be strongly opposed.
what change	shops etc	More variety to the bars/restaurants - i.e. add a cocktail bar vs. just pubs, diverse restaurants (too many Italian/pizza restaurants), attract the foodie talent from East London
what change	shops etc	The amount of traffic and the congestion. In recent years, I've really noticed the change with all the supermarket delivery trucks blocking traffic during the day. Drivers are becoming more impatient and erratic and it is dangerous to even try to cross the road at a zebra crossing or the lights.
what change	traffic	Better planning around roadworks in our streets
what change	traffic	less traffic, fewer cafes
what change	traffic	better traffic control (the 20mph is not working) single yellow line parking at nights is very dangerous on such a small road!
what missing	traffic	Too much traffic - West End Lane is like one long traffic jam.
what change	traffic	Loading and unloading large lorries clogging up west end lane and causing traffic jams in surrounding streets.
what change	traffic	decrease traffic;
what change	traffic	Sort out the traffic issues! Too many cars and traffic jams, plus people meandering across the road instead of using crossings and lights.
what missing	traffic	Delivery trucks park at peak hours and cause major delays to traffic including buses

		Better traffic calming on residential roads so that trade/commuters don't use where we live as a means to get to work. Better control and prosecution of those breaking fly tipping/dog fouling laws. A few stickers posted on lamp posts obviously isn't having any effect.
what missing	traffic	
what change	traffic	Traffic jams. This has got progressively worse partic over recent years
what change	traffic	less traffic,
what change	traffic	Traffic. .
		get rid of tesco/Sanisbury delivery trucks on west end lane. No more chain supermarkets/ shops or restaurants (eg MacDonalds and other fast food outlets)
what change	traffic	better traffic amangement . No right turn onti mill lane from shoot up hil. No right turn WEE lane iverson road. Too many road sections fro improvement that don't take place.
what change	traffic	less cars,
what change	traffic	too much traffic esp when the Tesco lorry stops in the middle of the road.
what change	traffic	better traffic flow on west end lane in morning (often gridlock at peak times)
what change	traffic	reduce traffic and
what change	traffic	the long traffic queues in west end lane
		Traffic... the turning point into Iverson road causes a complete snarl in the traffic on a daily basis, both morning and night...
what change	traffic	but get rid of the cars!
		I would like to see no parking on both sides of the road on the full length of West End Lane. Traffic is constantly stuck and car parking makes it almost impossible for the buses to operate properly.
what change	traffic	Stop Tesco parking huge delivery vans on West End Lane.
what change	traffic	Tesco (WEL) need to seriously look at the impact their deliveries have on that strip of WEL - pavements blocked, chaos on the road etc. Sainsburys manage to avoid this, why can't Tesco?!
what change	traffic	Roadworks - seem to be digging up W End Lane and disrupting transport every week.
what change	traffic	Less traffic on west end lane
what change	traffic	I would like to see less cars and
		Introduction of one-way systems on peak-congested roads namely Sumatra Road as 20mph speed bumps not working. 139 bus not using Mill Lane as a cut through. . Prompt removal of parking bay suspensions following tree pruning etc.
what change	traffic	Traffic is terrible & parking is very limited. Too many roadworks all of the time plus too much building work.
what change	traffic	The number of times West End Lane is dug up.
what change	traffic	Congestion on West End Lane at peak hours
what change	traffic	The biggest pain is thtraffic
		The sequencing of the traffic lights on WEL by the stations in an attempt to stop it getting so backed up and
what change	traffic	Time restrictions on Tesco's lorries blocking West End Lane most of the time, perhaps they can do their deliveries at night?
		Change the pedestrian crossings on West End Lane to be zebra crossings. This would allow smoother traffic flow and get rid of the snarl ups.
what change	traffic	Less traffic.
		More to be done to ease the congestion in Westend Lane and Fortunes Green Road caused by the delivery Lorries, in particular outside the Tesco stores. The narrowness of West End Lane at the railway bridge and the parking of delivery lorries outside Tesco for several; hours on most days cause severe delays for buses. The latter can be solved by parking enforcement, the former by widening WEL. Also, use of Mill Lane by 139 buses going off-route is dangerous and obstructs C11 service.
what change	traffic	morning rush hour where far too many parents drive their children to school. in school holidays the traffic is easy
what change	traffic	

		1. Discourage use of local streets as a "cut-throughs" between Edgware Road/Mill Lane and Finchley Road.2. Perhaps making some roads one-way to reduce episodes of "road rage" when motorists travelling in opposite directions cannot/will not make it possible to pass one another.
what change	traffic	
what change	traffic	Reduction in pollution/ traffic/congestion
		The traffic is excessive and is substantially hindered by the practice of juggernauts loading and unloading at Tesco's in the junction of West End Lane and Lymington Road. Tesco's should be compelled to take nearby Sainsbury's example where the loading is rarely, if ever, done during traffic periods.
what change	traffic	
what change	traffic	Morning traffic on West End Lane
		The amount of traffic and the congestion. In recent years, I've really noticed the change with all the supermarket delivery trucks blocking traffic during the day. Drivers are becoming more impatient and erratic and it is dangerous to even try to cross the road at a zebra crossing or the lights.
what change	traffic	
what change	traffic	reduce traffic,
		Impose 20 mph speed restriction right through up to Finchley Road and all residential streets.
what change	traffic	
what missing	traffic	There are no Night bus transports East-West, eg no service from Shoreditch, etc.
		Traffic flow on west end lane. For Tesco to have to follow same delivery rules as Sainsbury.
what change	traffic	
what change	traffic	the heavy traffic in West end lane. The village feel is gone.
		Traffic calming needed - The residential roads need to be one way or have restricted entry to give residents some peace
what missing	traffic	
what change	traffic	Improve West End lane - less cars,
		Traffic on West End Lane. It can take half an hour to go a mile at rush hour in the bus.
what change	traffic	
dislike	traffic	Crazy drivers.
dislike	traffic	The traffic on the high street).
whats		
missing	traffic	Traffic calming needed - The residential roads need to be one way or have restricted entry to give residents some peace.
what change	traffic	
		west end lane and finchley road are always having repairs
		I don't want more people or traffic we could have more ordinary shops and not expensive ones
what change	traffic	
what change	traffic	reduce traffic on west end lane
		1. Discourage use of local streets as a "cut-throughs" between Edgware Road/Mill Lane and Finchley Road.
what change	traffic	
		2. Perhaps making some roads one-way to reduce episodes of "road rage" when motorists travelling in opposite directions cannot/will not make it possible to pass one another.
what change	traffic	
what change	traffic	Reduction in pollution/ traffic/congestion. &.
what change	traffic	Better planning around roadworks in our streets
		The traffic is excessive and is substantially hindered by the practice of juggernauts loading and unloading at Tesco's in the junction of West End Lane and Lymington Road. Tesco's should be compelled to take nearby Sainsbury's example where the loading is rarely, if ever, done during traffic periods.
what change	traffic	
what change	traffic	Morning traffic on West End Lane.
what change	traffic	
		reduce traffic,
		Impose 20 mph speed restriction right through up to Finchley Road and all residential streets.
what change	traffic	
		The bus 139, running down Mill Lane to and from Cricklewood Garage should run in service carrying passengers to and from Cricklewood. Those who are trying to preven the 139 from using Mill Lane are completely wrong. It would provide a very useful link and it creates no problems by using Mill Lane (on which I live).
what change	transport	
		combined transport station with lifts (with underground subway) to alleviate street traffic and make travel easier
what missing	transport	

what change	transport	the fact it has become a nightmare..the sheer number of people using the transport system that don't live in the area and bring nothing to the area.
what change	transport	Terrible pedestrian interchange between our 3 train stations and bus stops.
what missing	transport	direct public transport to Hampstead or more frequent 268 services or diff route 139 to pick up and drop off on mill lane when returning to depot.
what missing	transport	2. Implementation of a proper scheme linking the existing train and tube stations (and perhaps allowing for an interchange with the Chiltern Line). It really is a "commuting area" with lots of people using it as an interchange. The pavements become so congested that its impossible for my family to move around at some key times.
what missing	transport	Safety around the stations - better lighting, wider walkways.
what missing	transport	Better pedestrian interchange between the three stations (possible underground tunnel interchange)
what change	transport	Ask the 139 to pick up passengers along Mill Lane etc. The C11 gets very packed at times. With increases in population (eg students etc) will the existing public services /facilituies/shops/gpd be able to cope.
what change	transport	More useful/ regular nightbusses
what change	transport	Find a way for train services to Marylebone to stop in West Hampstead
what change	transport	A slightly more frequent night bus service would be great. I moved over from Kilburn where I was spoiled with a pretty regular night bus service. Last weekend I waited nearly half an hour to get a night bus back to WH. That won't be fun in the cold months.
what change	transport	Proper interchange between train/tube stations or MUCH wider pavements. It is a ridiculous situation that the walking space between them is more or less no more than 2 abreast for major parts of it. Tesco are also absolute liberty takers with regards to delivery and traffic problems
what change	transport	Too many replacement services on the weekends, especially overground.
what change	transport	Create a 2nd entrance/exit for West Hampstead tube station at the other end of the platform.
what change	transport	Better tube station, which should be expanded for the influx of residents from the new west Hampstead square
what change	transport	The bus 139, running down Mill Lane to and from Cricklewood Garage should run in service carrying passengers to and from Cricklewood. Those who are trying to preven the 139 from using Mill Lane are completely wrong. It would provide a very useful link and it creates no problems by using Mill Lane (on which I live).
what change	transport	
what change	vagrants	Drunks
what change	vagrants	getting vagrants into affordable housing
what change	vagrants	. Drunks & unsightly rubbish on Blackburn Road.
what change	vagrants	constructive solutions to the problem of begging mostly around Finchley Road tube
what change	vagrants	There also seems to be crazy drug addled & homeless people occasionally walking the streets and hassling pedestrians, better facilities to home/support these folks would be grand.
what change	vagrants	There also seems to have been an increase in the number of people begging in and around the station areas which should be dealt with.
what change	vagrants	Persuade Camden Council to shut down the halfway house at 5 Blackburn Road and the anti-social element who hang around outside it trying to intimidate passers-by.
what change	vagrants	getting vagrants into affordable housing
what change	vagrants
